-----------------------------------	---

Welcome to the IGIRelease web

The IGI Release is a customized version of gLite, 3.1 & 3.2, and EMI releases. The main sections present here regard:

- Documentation
 - ◆ generic installation and configuration guides
 - ◆ available services/node types and eventual customizations
 - ◆ support and maintenance calendar
 - ◆ updates guides
 - ◆ tips & tricks for repository management tools like mrepo, yum, apt
 - ◆ use cases and troubleshooting for installation and configuration issues
 - ◇ site-admin corner - experiences (with logs) on installing/configuring various grid services
- IGI Release Management
 - ◆ release integration process - how-to add/remove new components/products/services
 - ◆ TODO list - staus of important (customizations) tasks, periodic (updates management) and daily tasks
- Testing & Certification Management
 - ◆ Testbed inventory for internal certification
 - ◆ Testing and certification reports for every components
